

Proudly Making in India

NOX CREATIVE

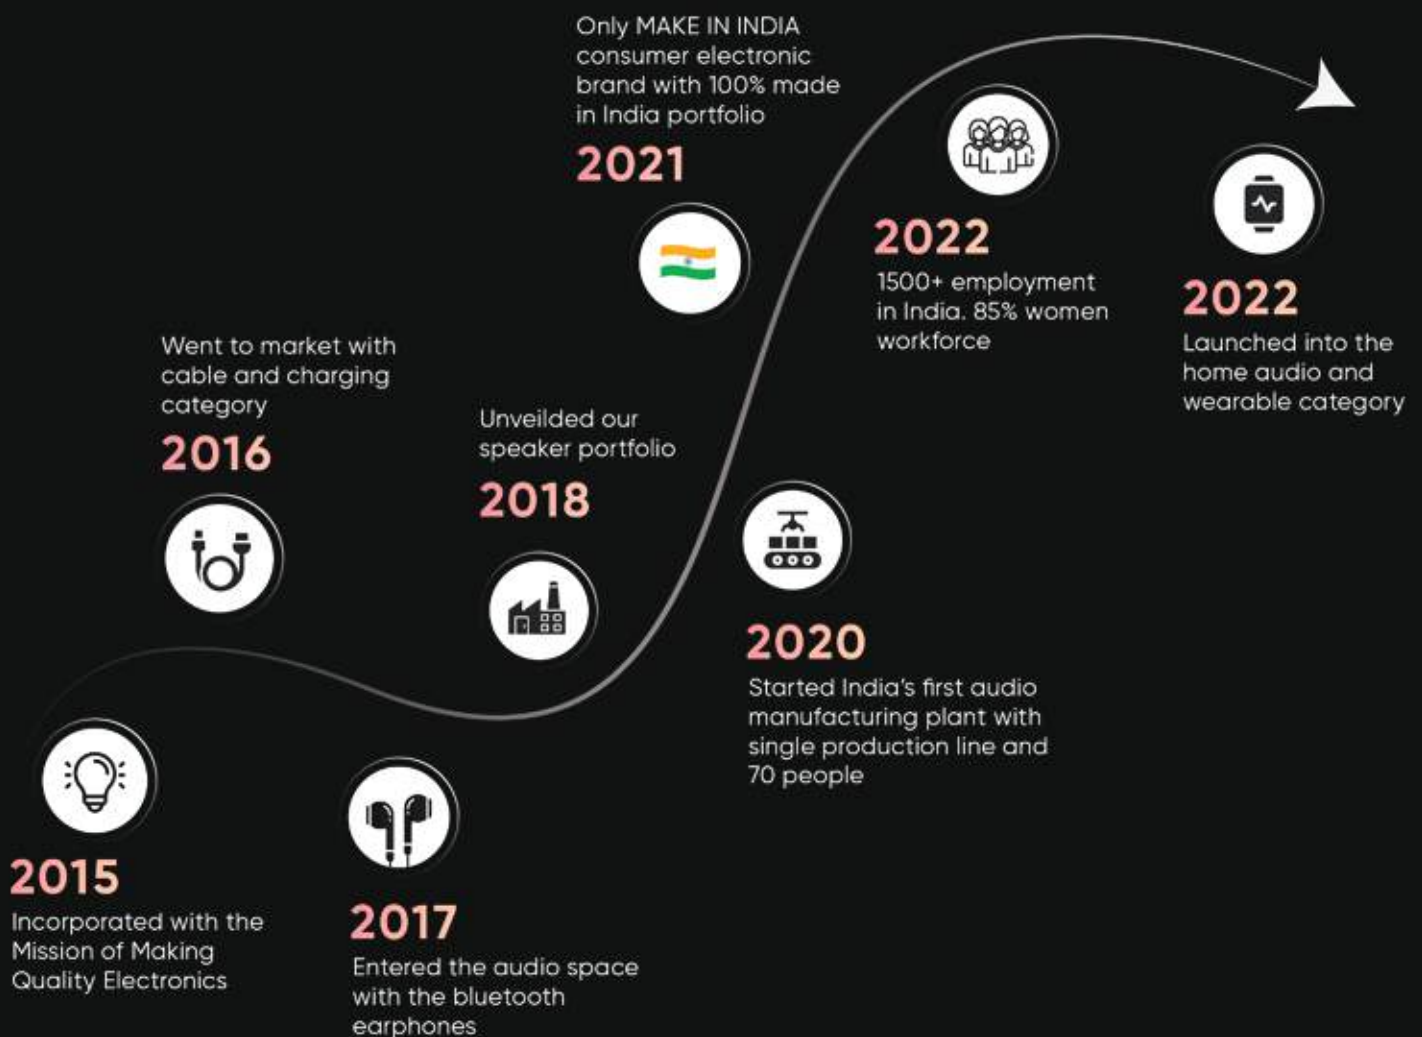

# About us

Mivi was started by two U.S returned engineers, (M)dhula and (V)swanadh with a goal to make quality electronics affordable. Product is the core of our brand and we work towards bringing the customer a fantastic offering backed with an excellent warranty and exceptional service.

Our engineers Innovate, design, and develop user centric-tech that caters to the different conditions of India and that meets the unique preferences of Indians. All Mivi products are crafted beautifully with premium materials and industrial-grade components; hence, they stand apart from the crowd and make heads turn.

Mivi is the first and the only brand in the category to make all its products in India. With more than 1Cr happy customers and a 1500+ strong team, we are only getting started. We are pushing the envelope and challenging the industry status quo one product at a time

# All Round Specialization

## Designing

Our very own in-house engineering design team completes the schematic according to the market requirements as we aim to deliver the best music experience to our customers.

## Manufacturing

Mivi uses state-of-the-art technology and equipment, implementing strict quality control measures, and continuously seeking ways to improve and streamline the manufacturing process.

## Warranty

We provide one-year hassle-free warranty to our customers.

## Logistics

Our superior logistics management can raise the efficiency of manufacture, stock, and shipment. Therefore, you can enjoy a faster and more stable delivery process.

## Customer Service

Our 24-7 customer support team is providing personalized dedicated support, providing high-quality service that leaves our customers feeling valued and satisfied.

## Quality Declaration

We have confidence that our customers have a great purchasing experience with us. You are our precious partner.
